- Late:** Most flowers have wilted or fallen off (over 95%) or most pollen has fallen

Fruit

- No ripe fruits
- Early:** Only a few ripe fruits are visible (less than 5% are ripe)
- Middle:** Many fruits are ripe
- Late:** Most fruits or seeds have been dispersed from plant (over 95%)

Participating in Project BudBurst

Observe: Observe a plant in your community.

Record: Record your observation on a Single Report form.

Submit: Submit your observation on www.budburst.org

Single Report forms are used to make observations of what one plant is doing on one specific day. Remember to report your data at www.budburst.org
